TRADE MARK REG.

Gardens Bloom Again with

VAN BOURGONDIEN Fine Bulbs

Dear Customer:

Our front cover this year is a picture taken in 1945 while our Tulips were in full bloom on our farm in Long Island. We have gradually become more successful in producing bulbs as good as the Netherlands produced before the war.

At the time this catalog is going to press we do not know what has happened to our bulb fields in the Netherlands. Some may be under water after the Germans broke the dike; some fields on higher land may have been saved. We can assure you that on the first report we receive from Charles H. Van Bourgondien in the Netherlands, who took care of our plantings over there, we will publish a special folder offering merchandise such as Crocus, Hyacinths, etc., not obtainable in this country.

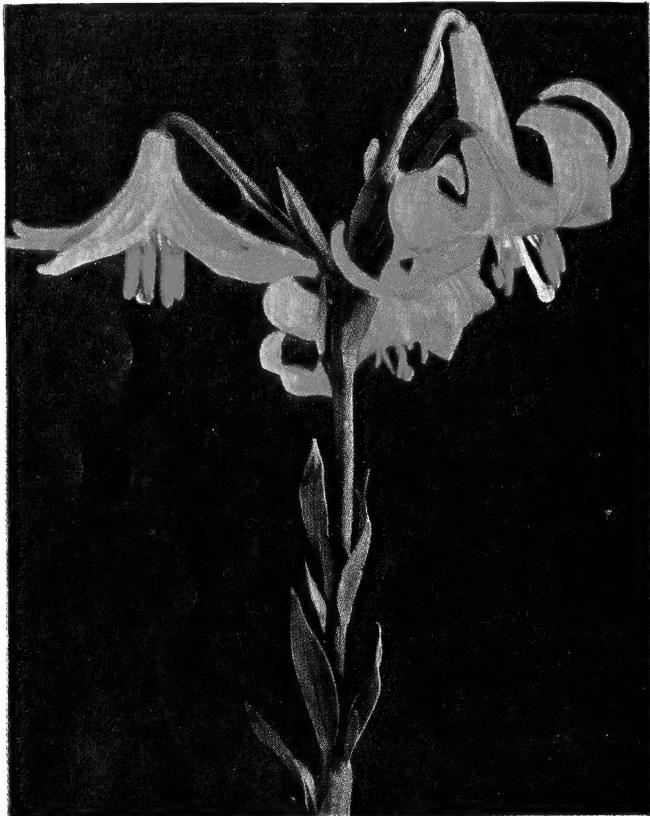

As in the past, we will guarantee all our bulbs to give satisfaction.

We thank our customers for all their business given in the past, and the patience they have had with us, as it was not an easy matter to fill orders during the war with insufficient and inexperienced help. However, we tried to do our best under the circumstances.

Narcissi - Daffodils

"NODDING BEAUTIES" THAT GRACE EVERY GARDEN WITH GOLDEN YELLOW and WHITE BLOSSOMS

YELLOW TRUMPET varieties have trumpets which, as a rule, are longer or as long as the perianth segments (petals). They usually have a light or deep yellow perianth with a trumpet of deeper yellow.

BICOLOR varieties have creamy or pure white perianth segments and yellow trumpets.

BARRI varieties have light or deep yellow perianth segments and an expanded crown instead of a trumpet, which is light or deep with red or orange edge.

INCOMPARABILIS varieties have light or deep yellow segments, a crown of light or deep yellow very similar to a short trumpet.

LEEDSI varieties always have white segments, while the crowns are white or light yellow. They are very dainty.

POETICUS. Snow-white segments, crowns usually heavily rimmed orange or scarlet with a green eye in the center of crown.

POETAZ. Cluster-flowered in white, light or deep yellow. Some varieties have orange or red-rimmed small crowns.

JONQUILS. Usually bear small flowers in small or large clusters on one stem, and usually are sweet scented.

Auburn, Maine,

Van Bourgondien Bros.,

Babylon, Long Island, N. Y.

I wanted to tell you the Tulip bulbs I received from you last fall were the largest, healthiest bulbs I have ever bought. Even when I paid much higher prices. I am looking forward to some delightful blossoms this spring.

Very respectfully yours,
MRS. LAURENCE E. TOWLE, SR.

St. Louis, 10, Missouri,

Mar. 19, 1945.

I would like to take this opportunity to tell you what wonderful results I have had from the Narcissus bulbs I got from you last fall. They are in full bloom now and are gorgeous. We are thoroughly enjoying them.

Very respectfully,
MRS. P. W. JUDAH.

Sedalia, Mo.,

Mar., 1945.

The Daffodil and Tulip bulbs we bought from you last fall were very fine and vigorous. The Daffodils are blooming now. The Tulips are growing beautifully with large buds developed. They will soon be in bloom. We are well pleased with them.

JOHN G. SCHLAFFER.

Bordentown, N. J.,

March 1, 1945.

Gentlemen:

Several years ago I purchased three or four hundred Tulip bulbs from your firm and they have been the object of everyone's admiration when they bloom in the spring. Of course we always feed them during their growing season but have never seen more sturdy foliage or larger flowers, the stems often reaching a length of from $2\frac{1}{2}$ to 3 feet. We are more than satisfied with them and shall be ordering more this coming fall.

Yours truly,
J. M. WOOD.

Hilton Village, Va.,

April 5, 1945.

I intended to write you last fall about the grand bulbs you sent me. I have never bought such nice ones in all my life.

Now I want to tell you how very beautiful the Tulips and Jonquils are. The colors of the Tulips are exquisite and have been admired by so many visitors to my garden.

I want to reorder most or all of them and others.

I am so appreciative of the lovely flowers—they are really outstanding—the best \$20.00 I ever spent.

Very sincerely,

MRS. H. S. SMITH.

Gentlemen:

I am writing you to tell you how pleased we are with the Tulip bulbs we bought from you last summer. Never have I seen a finer collection or better size. It has been my practice to take flowers into the office for different persons. Last week I took Tulips in—18 of them. When I say they created a sensation I am putting it mildly. People came in from various sections to see them as the word went around quickly. Many persons asked for particulars and I gave them your name.

I work for one of the largest insurance companies—in fact, I am a veteran—over 20 years service.

In order to have even more flowers next year I would like to place an additional order with you for next fall.

Respectfully,

MRS. C. R. ELLSWORTH.

Tulsa 5, Okla.,
Aug. 3, 1944.

Dear Sirs:

I just want to tell you how pleased I am with everything I have bought from you. The Tulips I got last fall were a sensation this spring, and that is not exaggerating, for not only my neighbors and friends raved about them, but strangers in cars would stop and admire them. They were like hothouse Tulips—long, thick stems and large, perfect blossoms. My Ismene has been so lovely that I want more. The Hyacinths and Daffodils were equally lovely, and my Amaryllis has just finished blooming and nothing could have been more beautiful, so I want more of them. My next-door neighbor, Mrs. Clyde King, admired the Amaryllis so that I gave her one of your folders, so you may get an order from her, as she said she would like to have a whole bed of them. All of your bulbs and plants have been more successful than any I have ever got elsewhere. I thought you would like to know. Thank you.

Very truly,

MRS. GROVER SIMPSON.

From early spring, a succession of glorious bloom

Narcissi - Daffodils

DAISY SCHAEFFER. (Leedsi.) One of the best of the remarkable new Giant Leedsi type; the flower $4\frac{1}{2}$ inches across, with cup nearly 2 inches, resembles a giant trumpet, but much more graceful in form; perianth pure white, with cup opening primrose and turning to light canary-yellow, deeper at the base; long lemon-yellow stigma and styles add to the color harmony of this remarkable flower; undoubtedly a leader for years to come. Each, \$2.50; \$25.00 per doz.

DIANA KASNER. (Barri.) Very unusual Daffodil. Large, overlapping pure white perianth and deep yellow cup, with conspicuous orange-red edge. 3 for 40c; \$1.45 per doz.; \$11.00 per 100.

DICK WELLBAND. (Incomparabilis.) Very strong grower and exceptionally free-flowering. The perianth is pure white and the cup flame-orange. One of its most remarkable qualities is that the color does not fade but rather intensifies with age. The flower lasts unusually long and we believe that this variety will be of the greatest value both for greenhouse work and for outside. Its great beauty lies in the startling contrast between petals and cup which makes it stand out in the largest collection of Daffodils. Each, \$1.00; \$10.00 per doz.

EMPEROR. (Yellow Trumpet.) Sturdy all-yellow flower. 3 for 40c; \$1.45 per doz.; \$11.00 per 100.

EVANGELINE. (Leedsi.) All-white flower. Free bloomer. 3 for 35c; \$1.25 per doz.; \$9.50 per 100.

FIRETAIL. (Barri.) First Class Certificate, Birmingham and Haarlem Shows. Large, overlapping ivory-white perianth of splendid substance with a flat eye of deep blood-red, holds its color very well. 3 for 60c; \$2.20 per doz.; \$16.00 per 100.

FORTUNE. First Class Certificate, Birmingham, London, and Haarlem Shows. A great Incomparabilis of perfect form and splendid color. Perianth clear yellow; cup coppery blood-orange throughout. Most outstanding variety of the past few years. Each, \$1.50.

FOR INDOOR
CULTURE

Soleil d'Or Narcissus

Soleil d'Or resembles the Paper-White Narcissus very much in habit, but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We expect to have some very fine stock of this variety to meet the steadily increased demand of the past few seasons. Do not forget to order a few and get acquainted with this wonderful flower.

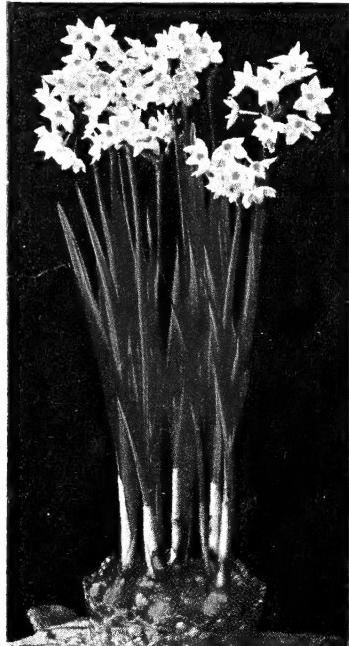

We offer only the Exhibition Size: 3 for 45c; \$1.60 per doz.; \$12.00 per 100.

Paper-White Narcissus

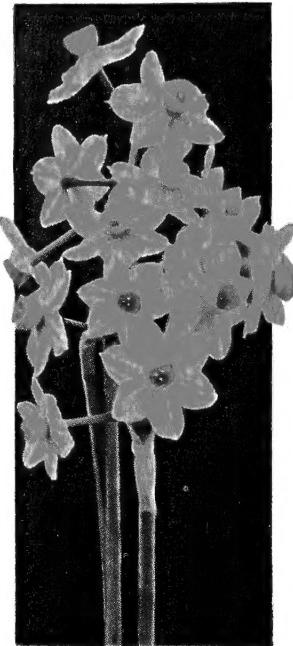

Suitable for Growing in Water and Gravel, Sand, or Fiber.

We handle only the **Giant Grandiflora** variety, which is a great improvement over the ordinary Paper-White Narcissus. It can be had in bloom for Christmas until Easter, either in pots, bowls, or boxes. Upon arrival, plant them immediately, if wanted early, and put in a cool place in cellar or pit, free from frost. When well rooted they can be taken into heat, and if watered freely they will produce an abundance of beautiful blooms. They are not hardy.

Jumbo or Exhibition Size: 3 for 35c; \$1.10 per doz.; \$8.00 per 100; \$70.00 per 1000.
